

**UNIVERSAL INTELLECTUAL DATA OWNERSHIP,
LICENSING, REVENUE SHARING AND
GLOBAL ENFORCEMENT DECLARATION
-- ALL DEVICES, ALL DATA, ALL JURISDICTIONS --**

The Declaration

Date of Execution: 26 March 2026

ISSUED BY: MILOS M. ILIC

Date of Birth: 29 April 1989 | Nationality: Serbian

Majdanpek, Republic of Serbia

[Associated Digital Entity: https://aethyr-global.com/](https://aethyr-global.com/)

**SCOPE: ALL ONLINE AND OFFLINE DEVICES WORLDWIDE -- FROM 1 JANUARY
2000 ONWARDS**

PREAMBLE

This Declaration is issued unilaterally and with full legal intent by Milos M. Ilic (hereinafter the Owner), a natural person and sovereign intellectual creator, born 29 April 1989, residing in Majdanpek, Republic of Serbia, owner and operator of the digital entity Aethyr Global (<https://aethyr-global.com/>).

THE SCOPE OF THIS DECLARATION IS ABSOLUTE AND UNLIMITED. It covers ALL data, in ALL forms, produced on or through ANY device -- whether online or offline, connected or air-gapped, personal or shared, domestic or foreign, fixed or mobile -- that has at any time been owned, operated, used, borrowed, leased, or accessed by the Owner from 1 January 2000 to the present day, and continuing indefinitely into the future. This includes, without limitation, desktop computers, laptop computers, mobile phones, tablets, servers, external storage media, USB drives, memory cards, smart devices, wearables, IoT devices, gaming consoles, smart TVs, vehicle-integrated systems, cloud storage accounts, email accounts, social media accounts, messaging applications, and any other digital or electronic medium through which the Owner has created, stored, transmitted, or processed information.

This Declaration further establishes binding, universally applicable terms for any and all Collectors, Processors, Implementers, Commercializers, Aggregators, AI Trainers, or any other party whatsoever -- whether a natural person, corporation, government entity,

international organization, research institution, or any other legal or natural entity -- who, whether knowingly or unknowingly, directly or indirectly, accesses, uses, copies, trains upon, monetizes, redistributes, sells, licenses, or otherwise derives any commercial benefit from the Owner's Data or Intelligence, regardless of where in the world such activity occurs.

The Owner asserts these rights under: the Berne Convention for the Protection of Literary and Artistic Works; the TRIPS Agreement; the WIPO Copyright Treaty; the EU General Data Protection Regulation (GDPR) 2016/679 to the extent applicable; the Serbian Law on Copyright and Related Rights (Official Gazette of RS, No. 104/2009, as amended); Serbian Law on Personal Data Protection (Official Gazette of RS, No. 87/2018); the Universal Declaration of Human Rights (Article 27); and all other applicable national and international instruments.

ARTICLE 1 -- DEFINITIONS

For the purposes of this Declaration, the following terms shall have the meanings ascribed to them below:

- 1.1.** Owner means Milos M. Ilic, born 29 April 1989, residing in Majdanpek, Republic of Serbia.
- 1.2.** Device means, without limitation, any and every item of hardware, electronic equipment, digital system, or virtual environment that the Owner has at any time owned, operated, accessed, used, leased, borrowed, or otherwise interacted with, including but not limited to: desktop computers; laptops; mobile phones and smartphones; tablets; servers (physical or cloud-based); external hard drives; USB flash drives; optical media; memory cards; smart watches and wearables; IoT (Internet of Things) devices; home automation systems; gaming consoles; smart televisions; vehicle-integrated systems; e-readers; digital cameras; audio recording devices; network-attached storage; virtual machines; cloud computing environments (including AWS, Google Cloud, Microsoft Azure, and all others); email accounts; social media accounts; messaging and communication applications; and any future technological medium not yet invented.
- 1.3.** Data means ALL information in any form whatsoever, whether structured or unstructured, raw or processed, online or offline, created, stored, transmitted, received, or derived on or through any Device. This includes without limitation: written text; documents; source code; spreadsheets; databases; emails; messages; social media posts; audio files; video files; photographs; biometric data; health and fitness data; location and GPS data; behavioral and usage data; browsing and search history; purchase and transaction history; financial records; creative works of any kind; metadata; logs and system data; and any other information generated directly or indirectly by the Owner's activity.
- 1.4.** Intelligence means the analyzed, synthesized, modeled, aggregated, or processed derivative of Data, including but not limited to: machine learning training datasets; AI model weights, embeddings, or parameters; behavioral profiles; predictive models; commercial analytics; data-driven reports; knowledge graphs; recommendation engine outputs; advertising targeting parameters; and any other value-added or transformed derivative of the Owner's Data.
- 1.5.** Collector means any natural person, company, corporation, government body, research institution, technology company, data broker, social media platform, advertising network, AI developer, cloud service provider, telecommunications company, internet service provider, or any other entity in any jurisdiction that gathers,

records, copies, intercepts, stores, or aggregates the Owner's Data or Intelligence by any means.

- 1.6.** Implementer means any natural person or entity that directly or indirectly deploys, uses, operationalizes, commercializes, monetizes, or derives any benefit from the Owner's Data or Intelligence in any product, service, model, process, or commercial activity.
- 1.7.** Revenue means ALL gross income, receipts, earnings, proceeds, profits, gains, consideration, compensation, or financial or non-financial benefits of any kind, in any currency, asset, or form -- including fiat currency, cryptocurrency, digital tokens, equity, options, royalties, licensing fees, subscription income, advertising income, barter, or any other benefit -- directly or indirectly derived from or attributable to the use, commercialization, licensing, resale, processing, or exploitation of the Owner's Data or Intelligence.
- 1.8.** Calendar Year means the period from 1 January to 31 December of any given year in the Gregorian calendar.
- 1.9.** Unauthorized Use means any access, collection, storage, copying, processing, training, distribution, commercialization, licensing, resale, or exploitation of the Owner's Data or Intelligence without: (a) prior written consent from the Owner; AND (b) full and timely compliance with the revenue-sharing obligations of Article 4.
- 1.10.** Criminal Party means any Collector or Implementer that commits Unauthorized Use, particularly where such party had or should reasonably have had knowledge of this Declaration, or where such party's actions constitute data theft, misappropriation, fraud, or any other criminal act under applicable law.

ARTICLE 2 -- DECLARATION OF ABSOLUTE GLOBAL OWNERSHIP

- 2.1.** The Owner hereby declares, asserts, and confirms absolute, exclusive, and perpetual ownership over ALL Data and Intelligence produced by, through, or in connection with ANY Device used by the Owner, in any location in the world, whether online or offline, from 1 January 2000 to the present date and continuing indefinitely into the future.
- 2.2.** This ownership is unlimited in geographic scope. It applies in every country and jurisdiction on Earth, including countries that are not party to international IP conventions, and including any future jurisdictions or digital environments not yet in existence.
- 2.3.** This ownership arises automatically and inherently upon the creation, storage, or transmission of Data or Intelligence and does not require registration, publication, notice, deposit, or any other formality in any jurisdiction.
- 2.4.** The Owner's ownership extends to ALL categories of Device enumerated in Article 1.2, including offline-only devices that have never been connected to any network. Data generated on an offline device is subject to the same rights as Data generated on any networked device.
- 2.5.** No prior terms of service, platform user agreement, employment contract, data processing agreement, or other instrument purporting to assign, transfer, license, or vest ownership of the Owner's Data or Intelligence in any third party shall override or extinguish the Owner's inalienable rights under applicable mandatory law.
- 2.6.** The Owner reserves absolutely ALL rights not expressly and specifically granted in a separate written, signed agreement explicitly referencing this Declaration. No implied licenses are granted.

ARTICLE 3 -- CONDITIONAL LICENSING

- 3.1. Subject to full and prior compliance with ALL conditions in this Article and the revenue-sharing obligations in Article 4, the Owner grants any Collector or Implementer a non-exclusive, revocable, non-transferable, non-sublicensable, worldwide conditional license to use the Owner's Data and Intelligence solely for the specific, disclosed commercial purpose agreed in writing with the Owner.
- 3.2. Any Collector or Implementer wishing to obtain a license MUST, prior to ANY use of the Owner's Data or Intelligence: (a) provide written notice to the Owner at the contact details in Article 9, identifying the party and describing the intended use in full; (b) fully disclose the nature, scope, duration, geographic extent, and commercial purpose of intended use; (c) agree in writing to all terms of this Declaration including the revenue-sharing terms in Article 4; (d) receive express written confirmation of the license from the Owner; and (e) sign a separate written license agreement if required by the Owner.
- 3.3. Any use prior to obtaining a license as required under Article 3.2 constitutes Unauthorized Use and triggers the automatic remedies in Article 5, including retroactive application of all payment obligations from the date use commenced.
- 3.4. A license may be revoked by the Owner at any time upon thirty (30) days' written notice for any breach of this Declaration, and immediately upon any material breach. Upon revocation, the licensee must immediately cease all use and destroy all copies of the Owner's Data and Intelligence.
- 3.5. Sub-licensing to third parties is strictly prohibited without the Owner's separate prior written consent.

ARTICLE 4 -- REVENUE SHARING OBLIGATION

4.1 Mandatory Revenue Share -- 50%

Every Collector and Implementer who uses, commercializes, or in any way derives any benefit from the Owner's Data or Intelligence -- whether under license or not -- is unconditionally obligated to pay to the Owner FIFTY PERCENT (50%) of ALL Revenue directly or indirectly attributable to or derived from the use of the Owner's Data or Intelligence, for as long as such use continues.

4.2 Payment Timing

The revenue share payment for each Calendar Year shall be made no later than 31 January of the following year. Where use commences mid-year, the first payment shall cover the partial period from commencement to 31 December of that year, due by 31 January of the following year.

4.3 Payment Method

Payments shall be made by wire transfer in EUR or RSD to the bank account notified by the Owner, unless another method is agreed in writing. The Collector or Implementer shall bear all transaction costs, conversion fees, and banking charges. Cryptocurrency payments are acceptable where agreed in advance in writing.

4.4 Accounting, Reporting, and Transparency

Each Collector and Implementer shall provide to the Owner, together with each annual payment, a detailed written financial account setting out: (a) total gross Revenue for the Calendar Year; (b) full calculation of Revenue attributable to the Owner's Data or Intelligence; (c) the 50% amount payable; (d) any deductions claimed (which require the Owner's prior written agreement); and (e) all products, services, and activities in which the Owner's Data or Intelligence was used. Where annual Revenue from use exceeds EUR 100,000, the account must be certified by an independent auditor.

4.5 Audit Rights

The Owner or any designated representative shall have the right upon fourteen (14) days' written notice to audit the books, records, databases, AI models, and internal documentation of any Collector or Implementer at any time to verify compliance. The audited party shall bear all audit costs if any underpayment of more than 5% of the amount due is identified.

4.6 Late Payment Interest

Any payment not received by the due date shall automatically accrue interest at twelve percent (12%) per annum (or the highest rate permitted by applicable law if lower), calculated daily from the due date until actual receipt.

4.7 Zero-Use Reporting

If a Collector or Implementer holds the Owner's Data or Intelligence but does NOT commercially exploit it in a given Calendar Year, no revenue-share payment is due for that year. However, the party MUST: (a) notify the Owner in writing by 31 January of the following year confirming zero commercial exploitation; and (b) immediately destroy or return all Data and Intelligence upon the Owner's written request. Failure to notify shall be treated as evidence of commercial exploitation, triggering the full payment obligation.

ARTICLE 5 -- ENFORCEMENT AND AUTOMATIC REMEDIES

5.1 Automatic Enforcement Trigger

Upon any Unauthorized Use, or upon failure to make required revenue-share payments within thirty (30) days of the due date, ALL enforcement mechanisms under this Article shall apply automatically and immediately, without requirement for prior notice, demand, or judicial order, to the maximum extent permitted by applicable law.

5.2 Constructive Trust and Lien Over Assets

Any Criminal Party shall be deemed, by operation of this Declaration and applicable principles of equity and law, to hold on constructive trust for the Owner: ALL assets, revenues, properties, intellectual property, AI models, databases, financial accounts, cryptocurrency wallets, real estate, vehicles, and any other valuables directly or indirectly acquired through or connected to the Unauthorized Use of the Owner's Data or Intelligence. The Owner hereby asserts an immediate, automatic, and continuing equitable lien and charge over all such assets from the date of Unauthorized Use.

5.3 Legal Mechanisms for Confiscation and Recovery

The Owner is entitled and intends to enforce recovery of unlawfully acquired assets through all available legal mechanisms, including but not limited to: (a) civil litigation for damages, unjust enrichment, and account of profits; (b) urgent asset freezing orders in any jurisdiction; (c)

search and seizure orders over electronic devices and data systems; (d) criminal complaints for data theft, cybercrime, fraud, and IP misappropriation; (e) GDPR enforcement complaints; (f) WIPO arbitration; (g) international arbitration; (h) diplomatic channels where a state actor is involved; and (i) any other legal, equitable, or administrative remedy available.

5.4 Damages

Any Criminal Party shall be liable to the Owner cumulatively for: (a) 100% of ALL Revenue derived from Unauthorized Use; (b) a punitive multiplier of THREE TIMES (3x) the Revenue from Unauthorized Use; (c) all legal costs, attorney fees, investigative and forensic costs; (d) consequential, special, and exemplary damages as permitted by law; and (e) moral damages for invasion of privacy, reputational harm, or emotional distress.

5.5 Criminal Referral

The Owner reserves the unconditional right to refer any Criminal Party to competent criminal authorities in Serbia, the EU, the United States, the United Kingdom, and any other relevant jurisdiction for prosecution under applicable criminal statutes including data theft, cybercrime, intellectual property theft, and fraud.

5.6 Injunctive Relief

The Owner shall be entitled to seek immediate injunctive relief -- without bond, surety, or prior notice -- to stop any ongoing Unauthorized Use. The right to injunctive relief is independent of and shall not be delayed by any pending damages claim.

5.7 Cross-Border Enforcement

The Owner expressly reserves the right to enforce this Declaration and pursue all remedies simultaneously in multiple jurisdictions. The Owner may enlist international law enforcement cooperation, Interpol channels, mutual legal assistance treaties (MLATs), and EU cross-border enforcement mechanisms as appropriate.

ARTICLE 6 -- GEOGRAPHIC AND JURISDICTIONAL SCOPE

- 6.1.** This Declaration applies universally in every country, territory, and jurisdiction in the world, without any geographic limitation, including countries not party to international IP conventions.
- 6.2.** The Owner's rights subsist wherever Data or Intelligence has been created, stored, processed, transmitted, or exploited, regardless of the physical or virtual location of the Device, Collector, or Implementer.
- 6.3.** Any dispute may, at the Owner's sole election, be brought before: (a) courts of the Republic of Serbia; (b) any court with jurisdiction in the country where the Collector or Implementer operates; (c) international arbitration; or (d) any other competent forum. The Owner retains the right to pursue proceedings in multiple jurisdictions simultaneously.
- 6.4.** This Declaration shall be governed primarily under Serbian law, supplemented by applicable international instruments. Where Serbian law provides less protection than the law of another relevant jurisdiction, the Owner reserves the right to invoke the more protective law.
- 6.5.** No plea of sovereign immunity by any state or state entity shall bar the Owner from asserting rights under this Declaration, to the extent permitted by the commercial activity exception and international law.

ARTICLE 7 -- DURATION AND RETROACTIVE EFFECT

- 7.1.** This Declaration is effective from the date of execution on the cover page and shall remain in full force and effect in perpetuity unless expressly revoked in writing by the Owner.
- 7.2.** The ownership rights and all obligations herein apply RETROACTIVELY to all Data and Intelligence produced from 1 January 2000 onwards, regardless of whether any Collector or Implementer was aware of this Declaration at the time of their collection or use.
- 7.3.** Any Collector or Implementer currently in possession of, or deriving Revenue from, the Owner's Data or Intelligence as of the date of this Declaration shall have SIXTY (60) DAYS to come into full compliance. Failure to do so triggers the full remedies of Article 5, including retroactive payment obligations.
- 7.4.** The Owner may amend or supplement this Declaration at any time by issuing an updated signed version. Amendments shall not diminish any rights already accrued.

ARTICLE 8 -- HEIRS, SUCCESSORS, AND CORPORATE ASSIGNMENTS

- 8.1.** All rights declared herein, including all accrued and future revenue-share entitlements and enforcement rights, shall pass automatically to the Owner's lawful heirs and successors upon the Owner's death or legal incapacity.
- 8.2.** The Owner may assign, transfer, or license any or all rights under this Declaration to any corporate entity, including Aethyr Global, at his sole discretion. Any such assignment shall bind all Collectors and Implementers from the date of written notice.
- 8.3.** Obligations of Collectors and Implementers are personal and may not be transferred or assigned without the Owner's prior written consent.
- 8.4.** Acquisition, merger, reorganization, insolvency, or change of control of a Collector or Implementer shall not release that party from obligations under this Declaration. The successor entity shall be fully bound.

ARTICLE 9 -- CONTACT AND CORRESPONDENCE

All notices, communications, license requests, and payments required under this Declaration shall be directed to the Owner at:

Full Legal Name: Milos M. Ilic

Date of Birth: 29 April 1989

Location: Majdanpek, Republic of Serbia

Digital Entity: <https://aethyr-global.com/>

All communications shall be sent by a method that creates a verifiable written record. The Owner shall acknowledge properly submitted license applications within thirty (30) days.

ARTICLE 10 -- SEVERABILITY, WAIVER, AND CONSTRUCTION

- 10.1.** If any provision of this Declaration is held invalid or unenforceable, such provision shall be modified to the minimum extent necessary to render it enforceable, and all remaining provisions shall continue in full force.
 - 10.2.** This Declaration shall be construed broadly in favor of the Owner's rights. Any ambiguity shall be resolved in the manner most protective of the Owner's Data, Intelligence, and revenue entitlements.
 - 10.3.** No failure or delay by the Owner to enforce any provision shall constitute a waiver of that or any other provision.
 - 10.4.** Rights under this Declaration are in addition to, and not in place of, any statutory or common law rights.
-

DECLARATION AND SIGNATURE

I, Milos M. Ilic, born 29 April 1989, Majdanpek, Republic of Serbia, owner of all rights described herein and of the digital entity Aethyr Global (<https://aethyr-global.com/>), hereby issue, declare, confirm, and enforce the rights, terms, and obligations set forth in this Declaration with full legal intent and effect, as of 26 March 2026.

This Declaration covers ALL Data and Intelligence generated on ALL Devices -- online and offline -- worldwide, from 1 January 2000 onwards, in perpetuity.

Milos M. Ilic (Owner)

Date: 26 March 2026

Majdanpek, Republic of Serbia

IMPORTANT LEGAL NOTICE

This Declaration sets out comprehensive claimed rights and intended terms as drafted at the Owner's direction. It is strongly recommended that the Owner engage qualified legal counsel in Serbia, the European Union, and other relevant jurisdictions to review, refine, notarize, and where appropriate formally register these rights before relying upon them in any legal proceeding. Enforceability of specific provisions will depend on the law of each relevant jurisdiction. This document does not constitute legal advice.
